

The York Motel; also known as the York Boutique Motel has welcomed many Australian and International Travellers for more than 15 yrs. For most, it is a chance to see new parts of our wonderful Western Australia, attend an event or have a relaxing break away, and we are proud to be part of that journey when you stay with us.

Currently, Australia and the world are facing an unprecedented event in the outbreak of COVID-19. It has and will continue to impact people's lives including travellers.

We are placing this notification, acknowledging that our past and future guests may be concerned about travelling in coming weeks and wanted to let you know about how The York Motel is facing this situation.

We are remaining open, have implemented enhanced cleaning and safety processes and are carefully monitoring the Health Department's advice, all our units have self-check in, in private entry/exit access., secure parking at your door. Linen is sent off site for sterilised cleaning and the highest hygiene we can offer.

We are fully equipped with required provisions, glen 20 is one of our required practices every clean.

Should you need accommodation to meet business, leisure, family or tourism requirements we look forward to welcoming you; however, we cannot currently accommodate anyone who needs to self-isolate for 14 days as per the government's travel rules for all arrivals into Australia on or after 16th March.

We take this opportunity to implore our guests, your families and your friends to stay safe, and be assured that we will continue to provide you all with an outstanding (safe and healthy) experience each and every time you visit the York Motel now and in the years ahead.

Kindest Regards,

Kerry, Dave and the Team.
